The scope of the project included development and implementation of an eCommerce solution for WiseSoft, Inc. The key features of the eSolution are online client requirement submission, applicants resume submission, job/skills matching and a comprehensive search engine for internal account managers to effective service our internal and external clients.

The environment is Visual Interdev, FrontPage, VB Script, Java Script, IIS 4, Photoshop, DreamWeaver, Flash, MS SQL 7.0/8.0, COM/DCOM, MTS, Test Director.

All design and development takes into account flexibility and ease of use, in addition to ease of maintenance and future upgrades and enhancements for future phases. The e-commerce solution has been developed keeping in mind the high quality standards, constant monitoring, frequent and scheduled discussions, open communication and attention to detail required for the success of any offshore development.

The Project:

The Results:

The project and Solution has been completed and is in its final stages of testing. It will be hosted June 2000.

Our Philosophy

Quality, Integrity and Commitment (QIC) is the triad that forms the core of our business philosophy. QIC is a sound business ethic that we firmly believe in and carry with us to all our engagements.

"We wanted a comprehensive e-Commerce Solution to help streamline HR recruiting efforts, provide a method for our clients to submit requirements at their convenience, and for us to more effectively, efficiently and quantitatively provide a higher level of service. We wanted to be able to track details and statistics for our own internal CQI. We decided to do this at our off-shore facilities to establish standards at a very detailed level, ensure all offshore development snags are addressed and our offshore team had a very clear understanding of Quality and Process expectations of any project going forward.

The WiseSoft offshore team has matured and delivered during the project. This project behind them and the many other project that they have executed has placed them at an advantage to execute any project successfully. I am now confident that the off-shore team will excel on projects at all levels."

Atul Wahi – President.

At WiseSoft® we focus on making "Your Need, Our Concern"™
